Population Health: The New York Vision

Howard Zucker, MD, JD
Commissioner of Health

NOT GOOD POPULATION HEALTH
Population Health

Population Health is the health outcome of a group of individuals.

The Prevention Agenda

- Prevent chronic disease,
- Promote a healthy environment,
- Keep moms, babies and children healthy,
- Promote mental health and prevent substance abuse,
- Prevent STDs, HIV, vaccine preventable diseases and hospital acquired infections.

The Power of Collaboration

State Health Innovation Plan

5 Pillars

- Improve access to care without disparitie
- Integrate care
- Transparency better decision making
- Pay for value not volume
- Promote population health

3 Enablers

- Strong workforce
- Health IT
- Performance measurement & evaluation

NEW YORK STATE OF OPPORTUNITY. | Department of Health

New York's Medicaid reforms paved the way for orderly reform of the state's health care program.

- More prevention

- Eliminated ineffective treatments

- Set global cap on spending

- More managed care

- Social determinants of health
